

Amerisure's **FLEETALLIANCE<sup>®</sup>** program offers numerous tools for commercial auto policyholders to help maximize the efficiency and safety of their fleets. Your risk management specialist will work with you to implement the tool, and will provide training and recommendations to help improve loss ratio, based on the documented data. Check out our full lineup of driver safety tools below.

### **LifeSaver<sup>®</sup> CELLPHONE-BLOCKING TECHNOLOGY**

- ▶ Downloadable smartphone app that actively helps prevent/limit phone distraction while driving
- ▶ Requires no hardware to purchase, install or upgrade
- ▶ Can help lower at-fault crashes by 25 to 50 percent (per customer survey) and improve insurance risk profile by reducing accidents
- ▶ Customizable, browser-based fleet portal to view reporting and compliance efforts

### **TELEMATICS**

- ▶ Select service from two providers: GPS Insight and Samsara
- ▶ Plug-in and hard-wired devices that can generally be installed in 45 minutes to one hour
- ▶ Provides data via an online dashboard on topics such as fixed and posted speeding events, braking and aggressive behavior
- ▶ Offers the information and capabilities of a GPS, with suggestions on methods for monitoring data to achieve outcomes

### **DASH CAMS**

- ▶ Select service from two providers: GPS Insight and Samsara
- ▶ Front-facing and cab-facing video with rewind and replay abilities
- ▶ Can be a powerful tool for identifying poor driving behavior and coaching opportunities when combined with traditional GPS
- ▶ Able to assist in retrieving the moments immediately preceding and following an accident

### **HOGAN BEHAVIORAL ASSESSMENT**

- ▶ Identifies six distinct themes underlying unsafe work behavior
- ▶ Shows that unsafe behaviors can be assessed using psychometrically validated measures
- ▶ 206 item assessment, with an estimated completion time of approximately 15 minutes
- ▶ Resulting safety report includes a graphic representation of relative strengths and challenges for each employee

### **iiX MOTORVEHICLE REPORT (MVR) MANAGEMENT**

- ▶ Instant MVRs with a complete state networking connecting to all 50 U.S. states and Puerto Rico
- ▶ Schedule MVRs in advance to help administer and comply with compliance programs
- ▶ Verify the validity of a driver's license or commercial driver's license before ordering an MVR to potentially prevent "no hit" fees
- ▶ Provides a duplicate check process in an easy-to-read format, with the option to compare multiple MVRs
