

HELP PREVENT THE SPREAD OF RESPIRATORY DISEASES LIKE COVID-19.

A person with brown hair is wearing a white surgical mask. To their right, a red circle contains several white, spiky virus particles.

Avoid close contact with people who are sick.

A person is coughing into a white tissue held in their hand. A circular inset on the right shows a hand dropping a used tissue into a blue trash bin.

Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

A hand is shown with a white bandage wrapped around the wrist, indicating avoidance of touching the face.

Avoid touching your eyes, nose, and mouth.

A hand is holding a red spray bottle and spraying a blue liquid onto a surface.

Clean and disinfect frequently touched objects and surfaces.

A person is lying in bed, covered with a blue blanket, appearing to be resting or sick.

Stay home when you are sick, except to get medical care.

Two hands are being washed under a stream of water from a faucet, with soap suds visible.

Wash your hands often with soap and water for at least 20 seconds.

AYUDE A PREVENIR LA PROPAGACIÓN DE ENFERMEDADES RESPIRATORIAS COMO EL COVID-19

Evite el contacto cercano con las personas enfermas.

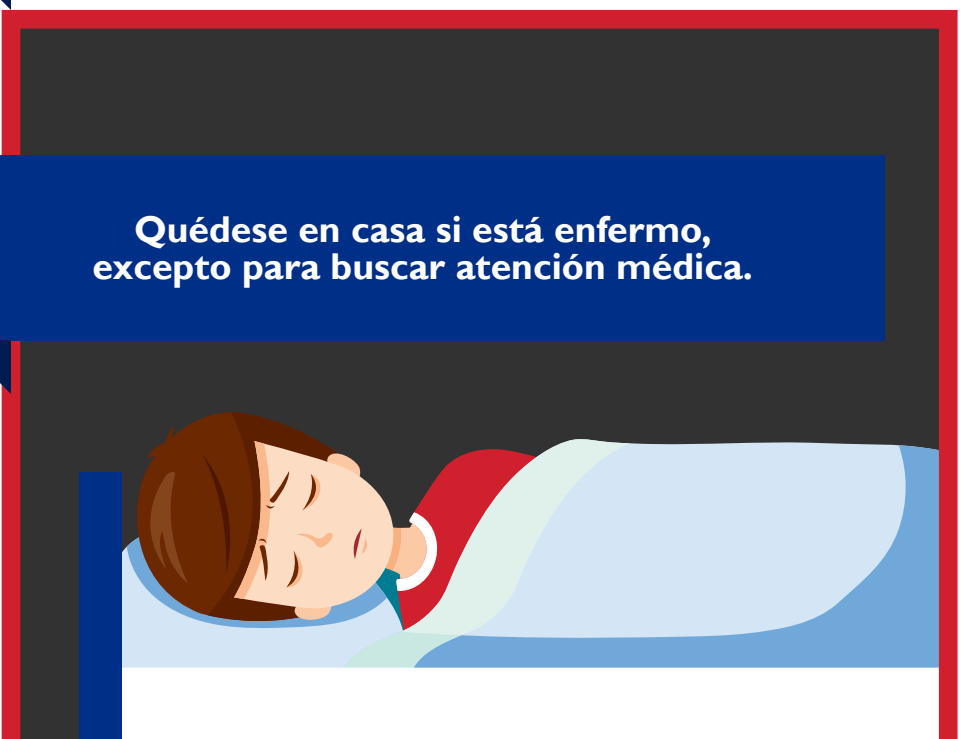

Cúbrase la nariz y la boca con un pañuelo desechable al toser o estornudar y luego bótelo a la basura.

Evite tocarse los ojos, la nariz y la boca.

Limpie y desinfecte los objetos y las superficies que se tocan frecuentemente.

Quédese en casa si está enfermo, excepto para buscar atención médica.

Lávese las manos frecuentemente con agua y jabón por al menos 20 segundos.
